

Corporate Counsel Committee

The dominance of Delaware in entity formations is well known—66% of the Fortune 500 call the First State home. This reputation is due to the responsiveness and efficiency of Delaware’s executive branch (especially the Division of Corporations), flexible yet stable corporation law, and highly regarded judiciary, particularly the Delaware Court of Chancery.

The Delaware State Chamber of Commerce (DSCC) established the Corporate Counsel Committee to provide legal professionals with a dedicated platform to discuss the key issues facing corporations today. This exclusive, **invite-only** group fosters collaboration with regulatory agencies to exchange insights and identify emerging priorities.

THE CORPORATE COUNSEL COMMITTEE IS IDEAL FOR:

- In-house corporate general counsel
- Corporate secretaries of organizations incorporated in Delaware, including those with no physical assets there
- Corporate, regulatory, and federal attorneys
- Corporate compliance officers

The DSCC Corporate Counsel Committee will host a minimum of four virtual meetings per year, with limited attendance, focusing on relevant topics shaped by the Delaware State Chamber president, committee members, and past court cases. *If unable to attend, a spot on the committee is transferable to a colleague on your legal team.*
